The Helping Our People Explore Group had it's last gathering on Saturday, June 10th. This program was very successful and brought new friends into our space here at HOPE, Our sessions were filled with kite making, felting, playing bingo, ukulele strumming and flower planting. We started every gathering with a video program called MeMoves. This was developed locally and is used to increase attention and calm in people of all ages and abilities. We were fortunate enough to have the developers of this program join us at our last meeting. Special thanks to Karen Brohaugh who helped each week in the kitchen with our snacks. The families, caregivers and participants are eager to start another session in the Fall!

## **Bold Generosity**

A capital campaign for the Northwest Synod of Wisconsin

We are a part of a synod that seeks to continue to grow synod-wide ministries as well as reach out in new ways. Prayerfully consider being a part of our synod's three-year campaign. There are six areas that are targeted for continued support or growth. One area is "Walking Together."

Members of HOPE have been a part of this excellent day of learning. Congregations of this synod prepare and facilitate different workshops sharing their best practices, and engaging those who attend in rich conversations. A gift to the synod's capital campaign will provide funds to continue "Walking Together" in even broader and better ways.

On Saturday, May 21, 2016, at our annual synod assembly, our voting members passed a resolution that will jumpstart a three-year, 1.2 million dollar capital campaign. Together, we will collaborate with others from around the Northwest Synod of Wisconsin to support six important ministries that will impact this synod and companion ministries abroad.

Best Practices to energize people as they return to their congregations and proposes to raise funds to expand the reach and scope of this event. Funds will be used to take Walking Together on the road to more than one location in our synod and to recruit top quality speakers and resources in order to double the participation and increase the impact. Why? So that more people, lay and rostered, will be better equipped to proclaim Jesus' message of love and reconciliation to the world.
